WIC Reset Utility

Congratulations. Your printer's waste counter(s) have now been reset.
Once your printer has shutdown, you can then turn it back on and continue to use the printer as normal.
Please remember to replace the waste ink pads or fit an external waste ink tank.
[Click here for more information](#)

Close

Please, remember, that fatal errors are not related to the waste overflow errors and they can not be reset by software.
If you experience communication errors or do not see your printer, please, try the following:
- Restart the printer and PC. Make sure that USB/Wi-Fi connection is of the good quality. Try to change USB cable and port if applicable.
- Disable 'status monitor' and 'my epson portal' via printing preferences or task manager if they are supported by your system. [Click here to find out how](#)
- Cancel all printer jobs and disable all applications and services that can communicate with the printer.
Reset started. Do not turn off the printer.
Reset completed. Please restart the printer immediately.
